NUTRITION IS A SMART INVESTMENT

- Helps children reach their **full potential**
- Accelerates progress on key **global health** targets
- Accelerates progress on key **economic development** targets

SUN Roadmap document (page 10)
<http://siteresources.worldbank.org/NUTRITION/Resources/SUNRoadMapSeptember2010.pdf>

“Despite the inevitable variability in assumptions, estimates, and valuations used for such calculations, the basic benefit to cost ratio is a very high **15.8 to 1**.”

[Note: The actual analysis (on the conservative side) was done by a team of several authors who prepared the SUN roadmap. They have a caveat footnote about this stat at the bottom of page 10, which gives some additional information regarding the analysis.]
