Laikipia has a higher rate of teenage pregnancy than Kenya as a whole. Providing adolescents with contraception can:

- Help young women stay in school.
- Support young women's economic development.
- Promote healthier planned pregnancies and births.

FP Programming in Laikipia Requires More Funds:

- Create a FP budget line in county budget and develop FP CIP.
- Integrate FP with health services at the facility-level.
- Dedicate specific funds for adolescent FP programming.

Is Laikipia Fulfilling Its FP2020 Commitment?

- Does Not Have FP Budget Line
- Does Not Have Costed Implementation Plan

Family Planning (FP) Budget Allocations Have Increased but Remain Small Share of Health Budget:

Every 100 KES spent on FP saves 225 KES on maternal and child health costs.

- 57.1 million KES in 2015/16
- 55.9 million KES in 2016/17
- 73.9 million KES in 2017/18

3.2% of Health Budget

Median age at first:

- SEX 17
- BIRTH 21
- MARRIAGE 21
- CONTRACEPTIVE USE 22

Funding Needed to Fully Implement Family Planning Services in:

- LAIKIPIA

Family Planning (FP) Budget Allocations Have Increased but Remain Small Share of Health Budget
