Uasin Gishu has a higher rate of teenage pregnancy than Kenya as a whole.

Providing contraception can:
- Help young women stay in school.
- Support young women’s economic development.
- Promote healthier planned pregnancies and births.

FP Programming in Uasin Gishu Requires More Funds

- Create a FP budget line to fully fund the CIP.
- Leverage donor funds to support CIP implementation.
- Dedicate specific funds for adolescent FP programming.

Family Planning (FP) Budget Allocations Have Increased but Remain Small Share of Health Budget

Every 100 KES spent on FP saves 225 KES on maternal and child health costs.
